

Dear UK school partner,

Habari gani! Warm greetings of happiness and joy from Fuoni School. We are a public school serving almost 3,860 students from disadvantaged families who cannot afford private school costs. The school was established in 1955 with two classes. Today, there are 18 classrooms, two offices, a library and six toilets. The school has 96 teachers who work very hard to ensure we equip the students with the skills they need for a bright future.

Public schools in Zanzibar depend on the government for 100% of their resources. Although it is the responsibility of the government to ensure every child has an education, the economic capacity of our country is not enough to supply all the resources needed by schools and students. That is why it is in our best interests to welcome partnerships with other organisations to aid our development, whilst acknowledging the government's efforts to support schools. Through our partnerships, we are able to offer free access to education for every child, despite the limited resources available.

Our appreciation goes to African Adventures for their incredible support ever since we partnered with them about 6 years ago. During our partnership the school has enjoyed such support as renovation of our classrooms (some of which were entirely broken), supplying office equipment such as computers and printers, supplying sports equipment, and supplying learning resources. All this was made possible by the groups of volunteers that African Adventures sends to our school every year.

Indeed, our partnership with African Adventures has proven the importance of having international partners for the mutual benefits it brings, and therefore we are very pleased to open our hands and hearts to welcome you to work with our school. We hope it will yield many advantages, including exchanging teaching experience and skills, cultural learning, and acting as a gateway of success for our students. We are very happy to share with you updates such as photos, subjects, and event news from our school so that we can grow together in cooperation and friendship. We are looking forward to hearing from you, and hope one day you may be able to visit us if possible.

Thank you so much,

*Khadija Ms. M. M. K. M. K.*
