

The Walk Centre
Nakuru
Kenya

Jambo Rafiki!

Hope this email finds you safe and well besides the global pandemic.

We at The Walk Children's Church (The Walk Centre) are well and keeping safe especially this testing time of Covid-19. How are you doing then?

At The Walk Centre, we are really appreciative and excited to partner with your school.

We are a school in Nakuru town in Kenya, serving a poor community within our environment. The Walk Centre has a number of programmes that we run. Among them are:

- Feeding programme
- Offering free basic education
- Looking after less fortunate old people and orphans within the community of Hilton slum Nakuru.

In our next email, we'll explain more about each program we offer to this community.

Our programmes fully depend on well-wishers, who voluntarily participate in the programme in one or other ways. African Adventures has really supported our programs in many ways, mainly with volunteers but also donations. As The Walk Centre, we've achieved lots from as well through our partnership with them since 2009. We are really grateful to African Adventures for enabling us to have this partnership with you.

We are looking forward to sharing lots of things about our school and make you part of our daily activities. It's really beneficial to all of us as it's an opportunity to grow and get the exposure that will allow our learners to excel in many aspects of life as well as giving them better chance in achieving their individual ambitions!

Our learners are so excited and can't wait to get in touch with your school learners. We are looking forward to a great partnership.

Regards,

Alex, The Walk Founder and Director.
